Experience

Online Editor   *The Miami Hurricane*   Aug. 2015 - Present
- ❖ Oversaw website and social media operations, increasing online presence and promoting newspaper as a whole
- ❖ Organized team of bloggers to increase the newspaper's online-only content production
- ❖ Wrote weekly website reports summarizing social media engagement, the week's traffic flow and my own ideas for future stories

Instructor   *Zaniac*   May 2015 - Present
- ❖ Taught children various science, technology, engineering and mathematical topics, such as computer programming, circuitry and Minecraft modification with Java
- ❖ Led the creation of a new curriculum based on space exploration, planetary ecosystems and astronauts' lifestyle
- ❖ Helped the campus manager with the center's daily operations, such as greeting parents, answering phone calls and informing visitors of the center's services

Assistant Online Editor   *The Miami Hurricane*   Jan. 2015 - May 2015
- ❖ Edited and scheduled stories for publication online, maintaining a consistent, daily flow of content
- ❖ Enhanced online articles by adding interactive elements such as audio, maps, photo galleries and polls
- ❖ Uploaded newspaper's virtual edition to Issuu and sent MailChimp newsletters, increasing traffic to the website

Quality Assurance Intern   *FIS Global*   June 2014 - Aug. 2014
- ❖ Learned SQL through database management in Microsoft's SQL Server
- ❖ Managed the team's SharePoint website, keeping documents updated and creating guidelines for current and future QA members
- ❖ Created workflow visualizations for the QA team, promoting the fulfillment of standard operating procedures
